## Team Returns from Uganda!

Despite flight delays and lost luggage, six devoted volunteers traveled to Uganda and were again touched by the wonderful people there. They spent 10 days in the war torn region of Northern Uganda. Traveling to well sites and meeting the villagers that now enjoy the gift of clean water...provided by many of you. They heard moving testimonies of the difference clean water has made in the lives of so many. One gentleman in particular had to live away from his family because of the lack of clean water. They were able to hear first hand how eternally grateful he is to be able to move home now that water has arrived. Villagers are healthier, children attend school and hearts are touched by the generosity of strangers. Several team members had raised money with golfing friends and were able to personally visit the villages that received their wells. What a thrill to see how much could be done for them with so little from us, an experience that will not be easily forgotten by all that were involved. Many thanks to all the traveling team members and everyone who supported and prayed for the January 2010 trip!

*Volunteer of the Month*

Sharon Pardee has found her way to help in a big way. Sharon chaired the November 14<sup>th</sup>, 2009 Community Day. Her tireless efforts produced a successful event that funded a deep well for the village of Alido-Loro installed on Christmas Eve 2009!

Thanks Sharon for everything you do!!
